

it's a HAEUSLER

4-Roller Plate Bending Machine

Brand HAEUSLER, Type VRM-hy 3000-1178, Rounding / Pre-bending capacity 3000 x 130 / 105 mm.....	1
Brand HAEUSLER, Type VRM-hy 3000-370, Rounding / Pre-bending capacity 3000 x 60 / 50 mm	2
Brand HAEUSLER, Type VRM-hy 3000-370, Rounding / Pre-bending capacity 3000 x 60 / 50 mm	2

4-Roller Plate Bending Machine

Nr. 3062

Brand HAEUSLER, Type VRM-hy 3000-1178,
Rounding / Pre-bending capacity 3000 x 130 / 105 mm

Accessories

- CNC-control
- Cone bending device
- Air cooling of hydraulic oil
- Machine designed for installation of an exchangeable top roll up to min. \varnothing 430 mm
- Gas accumulator for running across a seam during calibration of welded cylinders

Image can deviate from the original machine.

HAEUSLER AG

Baselstrasse 21 | CH-4202 Duggingen | Phone: +41 61 755 22 22 | Fax: +41 61 755 22 01

4-Roller Plate Bending Machine

Nr. 3059

Brand HAEUSLER, Type VRM-hy 3000-370,
Rounding / Pre-bending capacity 3000 x 60 / 50 mm

Accessories

- CNC-control
- Cone bending device
- Air cooling of hydraulic oil
- Machine designed for installation of an exchangeable top roll up to min. \varnothing 600 mm
- Gas accumulator for running across a seam during calibration of welded cylinders

Image can deviate from the original machine.

4-Roller Plate Bending Machine

Nr. 3108

Brand HAEUSLER, Type VRM-hy 3000-370,
Rounding / Pre-bending capacity 3000 x 60 / 50 mm

Accessories

- CNC-control
- Cone bending device
- Air cooling of hydraulic oil
- Machine designed for installation of an exchangeable top roll up to min. \varnothing 600 mm
- Gas accumulator for running across a seam during calibration of welded cylinders

Image can deviate from the original machine.

Rollmeister by HAEUSLER

4-Roller Plate Bending Machine

Brand Rollmeister, Type Tetra 260, Rounding / Pre-bending capacity 2500 x 38 / 32 mm.....	3
Brand Rollmeister, Type Tetra 120, Rounding / Pre-bending capacity 2000 x 21 / 18 mm	4
Brand Rollmeister, Type Tetra 340, Rounding / Pre-bending capacity 3000 x 26 / 22 mm.....	4

4-Roller Plate Bending Machine

Nr. 3105

Brand Rollmeister, Type Tetra 260,
Rounding / Pre-bending capacity 2500 x 38 / 32 mm

Accessories

- CNC-control
- Cone bending device
- 2 roller drive
- Air cooling of hydraulic oil
- Gas accumulator for running across a seam during calibration of welded cylinders
- Working speed 0–8 m/min., stepless

Image can deviate from the original machine.

Rollmeister

Baselstrasse 21 | CH-4202 Duggingen | Phone: +41 61 755 22 22 | Fax: +41 61 755 22 01

4-Roller Plate Bending Machine

Nr. 3106

Brand Rollmeister, Type Tetra 120,

Rounding / Pre-bending capacity 2000 x 21 / 18 mm

Accessories

- CNC-control
- Cone bending device
- 2 roller drive
- Air cooling of hydraulic oil seam during calibration of welded cylinders
- Working speed 0–8 m/min., stepless

Image can deviate from the original machine.

4-Roller Plate Bending Machine

Nr. 3107

Brand Rollmeister, Type Tetra 340,

Rounding / Pre-bending capacity 3000 x 26 / 22 mm

Accessories

- CNC-control
- Cone bending device
- 2 roller drive
- Air cooling of hydraulic oil
- Gas accumulator for running across a seam during calibration of welded cylinders
- Working speed 0–8 m/min., stepless

Image can deviate from the original machine.
